*Earn a Vascular Ultrasound Certificate Online
at Ferris State University*

The Ferris State University five course vascular certificate program is 100 % online, and provides the foundational knowledge toward becoming an ARDMS Registered Vascular Technologist (RVT). Medicare reimbursement requires that all non-invasive vascular studies be performed by a RVT sonographer, or a physician specializing in vascular studies.

The RVT credential will be a vital addition to your professional certifications

Contact us now to begin your path toward earning your RVT.
