FACULTY

Ivana Vettrai, M.D. attended the University of Michigan Medical School and completed her residency in obstetrics and gynecology as well as fellowship in maternal fetal medicine at Washington University in St. Louis. She was the first to introduce telemedicine service for maternal fetal consultation in Southeast and Thumb regions of Michigan. Dr. Vettrai is a popular speaker of the MSS.

Mani Montazemi, RDMS is Director of Ultrasound Education and Quality Assurance at Baylor College of Medicine, Department of Obstetrics & Gynecology, Division of Maternal Fetal Medicine and the Manager of the Maternal Fetal Center Imaging at the Pavilion for Women at Texas Children's Hospital in Houston, Texas. He also holds a faculty position with Thomas Jefferson University Hospital's Ultrasound Research & Education Institute in Philadelphia. With over 30 years of clinical and academic ultrasound experience, Mani lectures extensively both domestically and internationally in a wide variety of venues.

Nicole Curci, M.D. attended medical school at the Columbia University College of Physicians and Surgeons. She completed a General Surgery residency at the State University of New York – Stony Brook and a Diagnostic Radiology residency at Case Western Reserve University – MetroHealth. She completed a Body MRI fellowship at the University of Michigan and is a staff radiologist at University Hospital in Ann Arbor. Her research interests include genitourinary radiology and prostate cancer.

Cheryl Boodt, RDMS, RVT Has been a sonographer in western Michigan for the last 20 years, and is currently working at Holland Hospital. She has been an adjunct professor at Grand Valley State University- Diagnostic Medical Sonography program from 2007 – 2014. Cheryl has been a promoter of continuing education for the sonographers of western Michigan by organizing study groups and educational meetings for the last 10 years of her career.
